

## Poster session

10 June 2015

12:45–14:00

**Blicharska** Malgorzata (*Swedish Biodiversity Centre*)

- Conflict in the protection and management of the Polish Białowieża Forest

**Bredin** Yennie K. (*Norwegian Institute for Nature Research*)

- The good, the bad, and the arguments – Contested wildland management in Norway

**Daniels** Silvie, **Witters** Nele, **Beliën** Tim, **Vrancken** Kristof, **Vangronsveld** Jaco, and **Van Passel** Steven  
(*Hasselt University, Centre for Environmental Sciences, Belgium*)

- Methodological Approach for the Valuation of Biodiversity. Case study: valuation of natural predators for biological pest control in pear production, Flanders

**Dedeurwaerdere** Tom, **Hagens** Janneke, **Admiraal** Jeroen, **Beringer** Almut, **Bonaiuto** Flavia, **Cicero** Lavinia, **Fernandez-Wulff** Paula, **Hiedanpää** Juha, **Knights** Paul, **Melindi** Paolo, **Popa** Florin, **Šilc** Urban, **Soethe** Nathalie, **Soininen** Tina, **van Esch** Willem, and **Vivero Pol** Jose Luis  
(*Université catholique de Louvain, Belgium – BIOMOT Team*)

- Groups in action for nature. Motivations and autonomy

**Frison** Christine (*Université catholique de Louvain, Belgium*)

- Planting the Commons: Towards Redesigning an Equitable Seed Exchange

**Bela** Györgyi, **Fabók** Veronika, **Balázs** Bálint, **Kovács** Eszter, **Pataki** György, and **Kelemen** Eszter  
(*Environmental Social Science Research Group, Szent István University, Hungary*)

- Arguing for implementation of Natura 2000 in Hungary

**Geamăna** Nicoleta, **Cosor** Georgia, **Bucur** Magdalena, **Stanciu** Adina, and **Vădineanu** Angheluță  
(*Research Center in Systems Ecology and Sustainability, University of Bucharest, Romania*)

- Arguing for effective biodiversity conservation in the lower Danube Catchment, Romania

**Harrison** Paula, **Berry** Pam, and **Smith** Alison (*Environmental Change Institute, University of Oxford*)

- Evidence for the value of biodiversity, and what it means to decision-makers

---

**Hendriks Kees, Coninx Ingrid, Bugter Rob, and Bogers Marion** (*Alterra Wageningen – Radboud University, The Netherlands*)

- Progress needs Participation - Argumentation for Natura 2000 in The Netherlands

**O'Neill John**<sup>1</sup>, **Wossink Ada**<sup>2</sup>, **Knights Paul**<sup>1</sup> and **Admiraal Jeroen**<sup>3</sup> (<sup>(1)</sup>*Philosophy, School of Social Sciences, The University of Manchester;* <sup>(2)</sup>*Economics, School of Social Sciences, The University of Manchester;* <sup>(3)</sup>*Conservation Biology, Institute of Environmental Sciences, Leiden University*)

- An Overview of BIOMOT Work Package 1

**Polajnar Horvat Katarina** (*Anton Melik Geographical institute ZRC SAZU*)

- The Role of Social and Psychological factors in Developing Environmental Awareness and Changing Environmental Behaviour

**Polajnar Horvat Katarina & Smrekar Aleš** (*Anton Melik Geographical institute ZRC SAZU*)

- Segmentation of consumers with regard to environmental issues

**Rode Julian, Le Menestrel Marc and Cornelissen Gert** (*Center for Environmental Research – UFZ Leipzig, Universitat Pompeu Fabra, Barcelona*)

- Can monetary valuation undermine nature conservation? Evidence from a decision experiment

**Tchiboza, Séverin**<sup>1</sup>, **Mergen Patricia**<sup>2</sup>, **Degreef Jérôme**<sup>3</sup>, **Maniacky Jacky**<sup>2</sup>, **Devos Maud**<sup>2</sup> (<sup>(1)</sup>*Centre de Recherche pour la Gestion de la Biodiversité (CRGB), Cotonou, Bénin;* <sup>(2)</sup>*Royal Museum for Central Africa (RMCA), Belgium;* <sup>(3)</sup>*Botanic Garden Meise (BGM), Belgium*)

- Importance of Non-timber forest products (NTFPs) for Biodiversity Conservation and Ecosystem Services in Africa.

**Van Herzele Ann**<sup>(1)</sup>, **Aarts Noelle**<sup>(2)</sup> & **Casaer Jim**<sup>(1)</sup> (<sup>(1)</sup>*Research Institute for Nature and Forest (INBO);* <sup>(2)</sup>*Wareningen University, Strategic Communication*)

- To protect or to kill? Polarising dynamics of public debate on foxes and wild boar in Flanders
